

Look Who's Coming To Town

Santa Claus is coming to town— There's very little doubt about it as Daly City decorates its shop windows for the holidays and begins to plan Yuletide festivities for both adults and youngsters.

Chronologically speaking, the first community-wide event to usher in the Christmas season will be the presentation of "The Christmas Carol," by the dramatics class of Jefferson Union high school. The traditional Christmas play, under the direction of Sigfried Hansen, will be given Thursday evening, December 18. Curtain time is 8 p. m. and everyone is invited to attend. All proceeds, above expenses, will go to the Red Cross. Mrs. Clarence Page, roll call chairman for Daly City, said today that she was very pleased with the high school's plan and hoped all local people would endeavor to attend the play.

"Here's a grand chance to enjoy yourself and contribute to the Red Cross at the same time," said Mrs. Page.

Friday, December 19, all Daly City schools will close for a two-week vacation period. Classes will not be resumed until January 5. Each room at the grammar and parochial schools plans a Christmas party.

Biggest event—as far as the kiddies are concerned—is the fourth annual Christmas party for children of Daly City and Colma, set for Monday afternoon, December 22. All grammar school pupils are eligible to attend the event. Tickets will be distributed.

The event, a theatre, party, is sponsored by the Daly City Recreation Committee and will be supervised by the Daly City WPA Recreation department. A thrilling western feature and several comedies have been booked. Doors will open at 1 p. m.

Each youngster will receive a bag of candy. As in former years, the P. T. A. members will distribute the bags. Funds for the candy are provided by the donations of local organizations and individual citizens.

Most organizations here will hold Yuletide parties some time this month for their members.

CAT SHOW

'Pussy Cat, What Did You There?'

Nine champion cats from Daly City carried off high honors in the San Francisco Cat Show at Larkin Hall, Civic Center, San Francisco, Saturday and Sunday, winning a host of gold cups and ribbons.

The fifth annual show was staged under the auspices of the San Francisco Cat club, of which several Daly City ladies are members. Mrs. Nora Clifton, 147 Winchester street, acted this year in the capacity of secretary for the entire show, and supervised the receiving of entries.

Champion Tonto of Cher-O-Kee, a Red Peke owned by Mrs. C. Cogeshall, 250 Miriam street, Daly City, won the coveted prize for Best Red Peke Male and Best Male Champion. Winning two gold cups and three special ribbons in this year's competition, Champion Tonto is a four times winner in cat shows.

Honors for the Best Female Champion went to Red Boots, a Cher-O-Kee Cattery protégé owned by Dorothy and Hazel Eason, 942 Hanover street.

Best Red Tabby Peke honors were won by Oehne, a pet owned by Mrs. Hazel Mallen, 529 San Diego avenue. Aside from winning a gold cup and special ribbon.

Daly City-Colma Lions To Attend Joint Meet

In honor of Dr. Courtice P. Swallow, district governor of the Lions club, Daly City-Colma Lions will attend a joint luncheon today at 12:15 p. m. at Ye Olde Colonial Inn on Junipero Serra boulevard.

The luncheon will be attended by the West Portal chapter, the Daly City-Colma chapter, and the entire membership of the Lions club of San Francisco. The event is sponsored by the West Portal Lions, and Charles J. Nicholas of West Portal will be chairman.

Taking the place of the regular local Lions' meeting, the program for today will be featured by Professor Val King, instructor at the University of San Francisco, who will speak on the topic, "Americans, What Now?"

A host of prizes are expected to be awarded at the luncheon, as each club has contributed practically one prize per man.

A. M. Harrison, prominent local Lion, promises to bring back a number of "fines" and prizes to the Daly City club.

Possibility of a joint luncheon of this kind to be held in Daly City sponsored by the local Lions is a plan that has been suggested.

Set Trial Date For J. F. Bertelsen

John Frederick Bertelsen, driver of the San Bruno laundry truck which struck down and killed Mrs. F. A. Busse, 79-year-old Daly City woman, on November 21, was arraigned in the municipal court of Daly City, Friday, and the trial was set for December 12 at 3:30 p. m. Judge L. G. Hardy, acting judge, presided over the court, and it is expected that he will conduct the Bertelsen trial in the absence of Judge Wade H. Clay.

Although a primary charge of negligent homicide was filed against Bertelsen, the district attorney's office at Redwood City made the arraignment charge drunken driving. Bertelsen was accompanied in court by his attorney, William Farnum White, San Francisco.

Mrs. Busse, with William Johnson, 32, a grandson who resided with her, was struck by the Bertelsen truck as they were alighting from a street car at the intersection of Westlake avenue and Mission street. The accident happened at 6:20 p. m. and, after being rushed to the Junipero

Fire Companies Hold Two-Hour Drill

Fire Chief Andrew P. Chesney supervised a fire drill for Companies 1, 4 and 5, Wednesday evening, at the corner of Hanover street and Templeton avenue. The drill demonstrated the efficiency of the local fire department.

Drills were called for hose and rescue operations, and erection of ladders. Subject of the workout, last week, was the building of A. Milano, and the drill lasted for two hours.

Council Calls For Firehouse Bids

Call was issued by the city council for bids for the erection of two new firehouses in Daly City, Monday, at a special meeting of the council.

With the architect's plans filed with the city, the two new homes for Daly City's recently purchased fire-fighting equipment will be erected on two lots owned by the city, one of which is located at the corner of Roosevelt and Peoria streets in the Crocker tract. The second site is located near the corner of Santa Barbara and Parkview avenues.

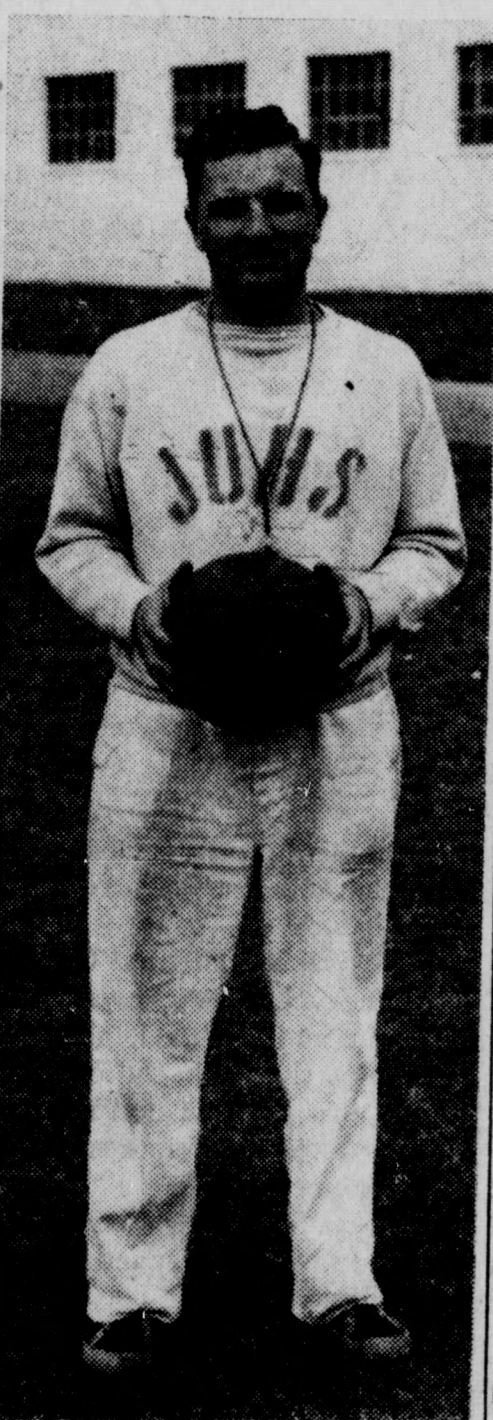

The council announced that the bids will be accepted until 8 p. m. on December 15. The council conferred with Peter Kelly, city home inspector, and Kelly stated that after a survey of the plans and specifications, he found the terms to be satisfactory. Following Kelly's report to the council, a motion was passed adopting the plans and specifications of the design.

At the meeting, Monday, the city council also adopted a resolution, accepting a \$500 contribution from the elementary school district in settlement of the Colma street improvement project which has recently been completed.

A resolution was adopted authorizing the contribution of \$10,000 from the city's one-quarter cent gas tax which has been allocated to a fund for streets of major importance.

Are You Feeling Generous Today?

If you are, now's the time to do your bit for the boys at Camp Roberts. The camp has a library, but many more books are needed to keep the men in reading material.

Almost everyone has one or two novels which they might contribute. Even one donation will be greatly appreciated, according to Mrs. Ann Gray, 153 Santa Cruz avenue, who is directing the drive in Daly City.

If you have one book—or fifty—to send to the men at Camp Roberts, you should call Mrs. Gray at Randolph 6316 or leave the books at the office of the Daly City Record, 3317 San Jose avenue.

Seven Report For Army Service

Seven young men from the Daly City draft board will become soldiers in the United States Army when they report tomorrow morning at the San Francisco Armory. They will first check in at the local board at 7:15 a. m.

Originally scheduled to send eight men, in the nineteenth call, the local board eliminated from the list Albert Andrew Silicani, Colma. Silicani was placed in class 2 for a temporary deferment.

Having opened at 8 a. m. Monday, the course will continue through Saturday. Classes begin at 8 p. m. each morning and continue until 6 p. m. in the evening.

Start Drilling Operations On Well

Drilling operations on Daly City's new well started, Monday, at a location near Citrus avenue and Niantic street, according to Arthur J. Bodien, superintendent of the city water department.

The contract was awarded to John N. Pitcher following the opening of bids for the project last month. It is expected that the 12-inch well will be finished shortly after the first of the year.

To meet demands for an increase in the water supply, the city council made plans for the new well, and Pitcher's bid in the amount of \$5,220.70 was accepted.

Invite Young Men To Attend Event

Young Men! Want to see how you can learn aviation engineering, radio, and many other high salaried jobs and get paid while you're learning? Want vacations with pay, free clothing, medical and dental care? Want to see how thousands of young Americans are traveling free with high adventure and real thrills?

You do! Well then, come along to Daly City's Navy party, American Legion hall, 474 San Diego avenue, tomorrow, Thursday at 8 p. m., and see the exciting moving picture, "Life in the United States Navy." When the party's over your hosts will serve as many hot dogs as you can eat, coffee, too.

Cooperating with the United States Navy, the Daly City Record; Daly City Post No. 410, American Legion; and Old Glory Post, No. 2044, V. F. W., are sponsoring the local Navy affair with the specific objective of familiarizing local young men, particularly those who are registered for the draft, with the many advantages now being offered by that branch of the military service.

A committee consisting of The Record Navy editor; Arthur Quirnbach, chairman; Henry King, John Matzek, LaJoie Montano, and Marall Smith, of the American Legion; and H. H. Henderson, chairman; W. F. Dorn, R. F. Brulez, H. A. McHugh, Alex Albertus, Peter Sunseri, and W. J. Lehigh of the Veterans of Foreign Wars for the past two weeks have been at work to make the Navy party a huge success.

Ensign Hanson Richard Gunn and other Navy officials will be present to present the program for the party.

Invitations were sent out this week. If there are any young men aged 17 to 31 who have not received an invitation and who would like to attend, call at The Record office or contact any member of the Legion or V. F. W. for an invitation. Parents and friends are also invited to attend.

DELINQUENTS

F. B. I. Requests Names Be Published

The Federal Bureau of Investigation has requested publication of the names of selective service delinquents as a method of clearing registration delinquencies before further drastic steps are taken.

In a letter addressed to Dr. J. C. McGovern, chairman of Selective Service Local Board No. 103, the state director requested that a list of registrants failing to comply with the requirements of the Selective Training and Service Act be made available to the press for publication. Chairman McGovern today said:

"It has been established that a large majority of so-called delinquencies are attributable not to a willful intent to escape selective service, but rather to neglect or ignorance of regulations. While the Selective Training and Service Act is adequately equipped with penalties for those who would willfully fail to comply with the act, it is not the intent or purpose of Selective Service to prosecute until all routine channels for clearing a delinquency have been exhausted."

The request for publishing delinquent lists constitutes a virtual right about face in Selective

MUSIC

Launch Series Of 12 Concerts

San Francisco is on the way to a record-breaking music season, according to the San Francisco Opera association, which is about to launch its series of twelve renowned concert celebrities.

The first of these will be tonight, December 3, when Yehudi Menuhin, San Francisco's famous violinist, makes his 1941 bow at the War Memorial Opera House. Yehudi gives only two concerts in the bay region this season.

Yehudi's San Francisco concert will feature a "first performance" of Paul Hindemith's "Sonata for Violin Alone." He will also commemorate the Dvorak centenary by playing this composer's "Concerto in A Minor."

Following closely the Menuhin concert will be the second attraction of the opera association, the celebrated young Metropolitan tenor, Jan Peerce. Peerce, who made his debut with the San Francisco Opera association in "Rigoletto" during the recent season here, was a sensational success.

Other attractions during the season will be: Dussolina Giannini, Don Cossacks, Sergei Rachmaninoff, Marian Anderson, Jose Iturbi, Oscar Levant, Dorothy Maynor, Grace Moore, John Charles Thomas and Helen Traubel.

The San Francisco Opera association has reserved a limited number of season tickets which are still available to the public at the new low prices established this season. The twelve attractions when bought by the season are offered for the price of seven.

Tickets are now on sale at Sherman Clay box office, EX-brook 8585.

Sea Scouts Enjoy Cruise In 'Maepaul'

The crew consisted of Swyheart, owner; Skipper Mel Hanson, Mate C. A. Parr, Coxswain H. O. Kohlmar and crew members, Bill and Fred Waterman, Charles Wolf and Richard Duste. The boys had a chance to handle the boat. They did a good job of it, according to their skipper.

The Maepaul is moored at Westward Ho Yacht club, Hunters' point.

The sea scouts' own ship, Falcon, is still under repairs, but the boys expect to have it running in a short time.

"Citizen Kane" Opens at Daly City Theatre Tomorrow

The most controversial motion picture ever to come out of Hollywood, RKO Radio's "Citizen Kane," at last will be presented locally, following its triumphant success as a roadshow in the country's greatest cities. The Daly City theatre has booked the film for tomorrow, Friday and Saturday. Needless to say, this is the picture produced, directed and acted in by that storm center of the entertainment world, Orson Welles.

Orson Welles has become a legend at the age of 26, and his first motion picture, created with no previous experience on Welles' part in the celluloid industry, sets standards, introduces bold innovations, disregards sacred traditions to the extent that critics nationally have been frothing at the mouth with praise.

"A revolutionary screen achievement," says the New York Herald Tribune. "A superb production, one of the most interesting films that has ever come out of Hollywood. Welles shines as one of the outstanding actors of the screen," proclaimed the New York Daily News.

The New York Times says fervently, "Far and away the most surprising and exciting motion picture seen here in many a moon, comes close to being the most sensational film ever made, a picture of tremendous and overpowering scope."

Time Magazine wrote simply that "Citizen Kane" is "the most sensational product of the U. S. movie industry," while Life states that "Orson Welles breaks all Hollywood taboos. 'Citizen Kane' is good, and then some."

Welles' Mercury production, "Citizen Kane" tells the story of a man with a passionate temperament, who craved power, power over lives, money and loves, and who tried to live as a god through the power his fortune gave him. Bold in concept, ruthless in por-

A Target For Mud Slingers

Charles Foster Kane, (Orson Welles) whose power is almost legendary, finds that he rates no respect at all from the common people when he is unexpectedly showered with mud while strolling with his friend (Dorothy Comingore). A scene from RKO Radio's newest dramatic hit, "Citizen Kane," in which Welles makes his foursome screen debut as star, producer, director and writer. The picture opens at the Daly City theatre, tomorrow.

trayal, this character, Charles Foster Kane, could never humble himself even before the beauty of the two women he married. The love of one woman he cast aside; the other gave him back his own love when she could no longer tolerate its fierce possessiveness.

Companion feature on the new bill will be "Ellery Queen and the Perfect Crime," with Ralph Bellamy and Margaret Lindsay.

DALY CITY HAS NEW SOCIAL CLUB

Daly City has another new social club. It is composed of girls from Jefferson Union high school. The club has been in existence for two months and the girls call themselves the Convoyettes.

Members are: Miss Leona Crum, Miss Florence Batista, Miss Jo Bricker, Miss Mary Filmore, Miss Ethel Shasky, Miss Georgia Sundeen and Miss Curt Teal. The girls announce they will start taking in new members in the early part of February.

They meet each Tuesday evening at 7:30 p. m. at different homes.

Studebaker Chairman Honored By Institute

Harold Sines Vance, chairman of the board of directors of the Studebaker corporation, has been elected to the board of trustees of the Illinois Institute of Technology.

Vance began working for Studebaker as an apprentice mechanic at the age of 20. In 1926 he was made vice president in charge of production.

One of the earliest requests by William S. Knudsen, when he assumed his defense activity, was for the appointment of Vance as head of the critical machine tool division. Vance served in this capacity, spending a great deal of time in Washington, until November of last year, when defense activities immediately concerning the Studebaker corporation made his return to full time work in South Bend necessary.

Watch Out For December

OF ALL the months throughout the year, December is the one to fear!

The National Safety council says December is the most dangerous month of the year for traffic accidents. Bad weather, more darkness, the holiday rush and conviviality—those are the reasons.

Christmas shoppers means more pedestrians in downtown areas. Pedestrians must be extra careful crossing streets. The presents you buy will not mean much if you get hurt or killed.

So remember December—and drive and walk cautiously.

More About That
Colma Question

December 1, 1941.

Editor of The Daly City Record:
Dear Sir:

There seems to be a misunderstanding in the minds of some of the citizens, living in the area of the Peninsula known as Colma, regarding the election held in Lawndale on November 17, 1941.

Before 1906 all the land south of San Francisco boundary line, west of the ridge of the San Bruno mountains, to the Pacific Ocean and as far south as South San Francisco and Baden along a jagged line, west to the ocean, was known as Colma. (This included all the cemeteries.)

In 1924, the 14 cemeteries, known as the Associated Cemeteries, visualizing "the writing on the wall" and seeing the cemeteries in San Francisco being removed, one by one, per ordinance, drew a line around the cemeteries situated within this Colma area and proceeded to incorporate that area into a town, so as to preserve it against any future invasion, should San Francisco desire to extend its city limits, in years to come.

Hence the cemetery management went before the San Mateo County Board of Supervisors with an application for incorporation of this cemetery area. We had chosen the name of Memorial Parks. But we found that the Supervisors would not permit the use of this name, as San Mateo County had a Memorial Park already in the county. So on the spur of the moment we proposed the name of Lawndale, which was accepted. Therefore, this cemetery area was incorporated as such.

We had no sooner adopted this name and become an incorporated town, than we were notified by the Post Office Department, not to use the name of Lawndale on our mail (as there was a first-class Post Office in Los Angeles County by that name), but to have our mail addressed to Colma.

This has been the situation ever since 1924. Hence the election held just a few weeks ago, changing our name of Lawndale back to the original name of this area of the county—Colma.

No boundary lines have been changed, nothing has been changed—only we have erased or done away with the name Lawndale and returned to the original Colma.

As the Post Office department does not dovetail into any municipal government, throughout the United States, we must accept their manner of operation.

We earnestly hope that this explanation will be received by the good people of the unincorporated part of Colma; where most of our Cemetery Employees live and they will understand our predicament and cooperate with us in a friendly and community spirit.

This letter was suggested by Mrs. Pauline Brown, who joins with me in this clarification of misunderstanding.

Letter to The Editor

Mr. Albert H. Boynton, Editor
The Daly City Record,
3317 San Jose Avenue,
Daly City, California
Dear Mr. Boynton:

Once again death has reared its ugly head, with a drunken person behind the wheel, and once again the life of one of our innocent victims is snuffed out. We who have occasion to emerge from street cars at the dangerous corner of Westlake and Mission streets, have often commented on the possibility of being struck down, especially after dark. Finally, and all too soon, this dreadful thought has become an actual reality. The primary reason for this catastrophe is excessive speeding, and lack of adequate warning facilities. Many people have occasion to emerge at this corner, and it is indeed fortunate that the toll of human lives hasn't been greater.

As a member of the Lions club, we have undertaken to be of some help in seeing that this ghastly scene which occurred the other night will not be re-enacted. The organization's safety committee will soon appear before the city council, and in cooperation with other organizations and the city council, will try to advance ideas and ways of avoiding a recurrence of such accidents.

Furthermore, it is my understanding that the city council has already undertaken action with the Highway council to have installed at this section, the most modern lighting and safety equipment. For this the city council is to be congratulated and we also hope that surveys will be made at other dangerous points along Mission street.

We trust that satisfactory results will be forthcoming in the very near future. No measures are too great, nor any expense too great, when it comes to the preservation of human life.

Yours very truly,

ATILIO H. GHIOTTI.

Anticipate Heavy Sale Of Christmas Trees

A booming business in Christmas tree sales during the next three weeks was forecast today by Regional Forester S. B. Shaw, U. S. Forest Service chief of the California region.

Several hundred thousand trees harvested by industrious cutters are now in city and country cold storage warehouses awaiting the Christmas rush.

"The average Yule tree," said the regional forester, "will be five feet high and will cost the retail purchaser between \$1 and \$3 depending on shipping distances and market demand."

Red fir or "silver tip" will bring the best prices because of its symmetry and upright foliage, while the popular Douglas fir and white fir will be within the range of every family pocketbook.

Regional Forester Shaw said that a considerable portion of the Christmas tree business this year was conducted on private lands and handled by national forest rangers through cooperative agreements with land owners.

"We are encouraging improved forest management practices on private lands as well as public forest areas," Shaw explained. "Where Christmas tree cutting is properly regulated it combines a good financial prospect with good forestry practice."

Training Available To C. C. C. Enrollees

Under a newly devised plan, CCC youths located in any camp in California may be transferred, after a ninety-day initial service period, to special camps in order to take a specific training course that will assure them of immediate gainful employment upon completion.

Among the special courses available and for which immediate placement in industry is made are aircraft and sheet metal work at Camp Vista in Southern California, ship carpentry at Camp Gilroy, ordnance inspection at Camp Crescent Bluff, shipfitter's helper, sheet metal and radio at Camp Sebastopol.

The above training is available to all young men with certain qualifications and the local CCC agent has full information on the subject. In this area the local CCC agent is Donald J. Wild who may be contacted at 7375 Mission street.

When less than the number of hours hereinabove specified as constituting the working day are worked, the rate of wages per day shall be proportionately reduced but the hourly rate shall remain as hereinabove stated.

California Business Resumes Steady Advance

Motivated again by defense activities, business in California and the Far West resumed in October the steady advance which was temporarily slowed down in September, according to local officers of the Bank of America.

Quoting the institution's monthly review of business, the bankers stated that at the end of October, California had been awarded \$3,644,092,000 in defense contracts, which is a billion dollars ahead of New York and means that California substantially leads all other states in defense awards.

California's retail trade in October increased slightly over September. Far Western residential building showed a gain of six per cent, but housing projects by the U. S. Housing Authority and for defense housing declined from \$9,570,000 in September to \$5,100,000 in October.

Antonette Zarcone Bride Of H. Bittel

Miss Antonette Zarcone, 166 Sears street, was joined in wedlock at a double ring ceremony with Herman Bittel, San Jose, in St. Michael's church, Ocean View, Saturday morning, November 22. The nuptial mass was read by Reverend Father Bernard Burke. The altar boys were Francis Hischer, San Jose, nephew of the groom, and Francis Zarcone, brother of the bride. Reverend Father Thomas Phelan also was present inside the altar.

The bride wore a beautiful white dress made of satin, and cut princess style, with a three yard train, and a long tulle veil with a half crown, and lace edge. She carried a bouquet of bouvardia, with orchids. She came up the aisle of the church on the arm of her father, Abraham Zarcone.

The bridesmaid, Mary Zarcone, wore a beautiful blue satin dress, with a short matching veil, and carried an old fashioned bouquet of bouvardia.

The maid-of-honor, Ann Zarcone, wore a beautiful pink satin dress, matching the one worn by the bridesmaid, and had a short pink veil. She carried an old fashioned bouquet of bouvardia. Little Richard McDonough, nephew of the groom, was the proud ring bearer, carrying the two rings on a white satin pillow which was made of the same material as the bride's dress.

Little Margaret Mary Beck was the flower girl. She wore a long satin dress of white, all covered with white net, and had a crown of flowers on her hair.

Joseph Bittel and Clem Zarcone acted as the best men. Following the mass which was attended by about two hundred friends of the happy couple, a breakfast was held at the Whitcomb hotel in San Francisco, with fifty immediate friends and family members present. Reverend Father Burke was a guest at the breakfast and gave a talk explaining the meaning and benefits spiritually derived from a nuptial mass.

Mrs. Dale Blanton sang "I Love You Truly," accompanied by Mrs. Adolph Lombardi.

One of the highlights of the breakfast was the cutting of the beautiful wedding cake, made by the bride's mother, Mrs. Zarcone. The bride and groom crossed hands and cut the cake.

After the breakfast the couple departed for a two week's honeymoon in the southern part of the state and Mexico. When they return they will make their home in Palm Haven, San Jose, where they have purchased a home.

Sentence Five For Disturbance

Five men, charged with disturbing the peace, were sentenced to terms in the county jail by Judge L. G. Hardy in the district court in Daly City, Friday. Frank Compagno, 3280 San Jose avenue, was sentenced to 180 days. Sentences of thirty days were placed on Joe Compagno, 3280 San Jose avenue; Johnny Compagno and Sam Compagno, San Francisco; and Jimmy Crudo, 65 Theta avenue. All five were placed on probation for one year.

Four of the defendants, after entering pleas of not guilty, reversed the pleas to guilty. The two Compagno men from San Francisco are brothers, and are nephews of the other two.

Mund Cavnar brought up for discussion the problem of the presence of rats in the city, a problem which was discussed with the health officer some weeks ago. Since it was found in the last discussion that the problem is not in the jurisdiction of the health department, Mayor John J. Fahey advised the council that he would take the matter up this week with Charles G. Gans, head of the county health department to find out what action can be taken properly by the city to relieve the situation.

District Executive Board to Meet Dec. 8

The executive board meeting of the Seventeenth District, C. C. P. T. will be held in the Little Theatre of the Burlingame high school, Monday, December 8, at 1:30 p. m.

This will be the only regular district meeting this month. All officers and chairmen as well as unit presidents are urged to be present.

Mrs. Heagney Hostess To Woodrow P. T. A.

Mrs. Hilda Heagney was hostess to the Woodrow Wilson P. T. A. executive board at her home, 117 Miriam street, last Tuesday, November 25.

Refreshments were served the ladies at 12:30 p. m. with the executive board meeting and sewing following.

It was decided by the members of the board that due to the success of the luncheon whists they will be continued. There will be no card game scheduled until after the Christmas holidays, according to the ladies.

Plans were also discussed for the semi-annual graduation party for the January graduates. Mrs. Catherine Duffy was appointed chairlady. Assisting her will be Mrs. Betty Brush and Mrs. Heagney.

Mrs. Ida Hanley and Mrs. Emily MonSanto represented the unit at the district meeting in South San Francisco, last week.

The unit's annual Parents' and Teachers' luncheon has been set for Tuesday, December 9, at 12 noon sharp. The ladies announce that a regular meeting will follow the luncheon.

Honored guests at the luncheon will be Mrs. Hilda Bruns, president of the seventeenth district; Mrs. M. Elder, R. L. Crane jr., superintendent of Jefferson school district; Mrs. Aileen Lehigh, president of Jefferson Union High School P. T. A.; Mrs. Walter Worth, president of Colma P. T. A.; Mrs. Olga Bordson, president of Crocker P. T. A.; Mrs. Nora Clifton, president of General Pershing P. T. A.

Mrs. Lillian Thomey is chairlady of the afternoon. A committee of the ladies will assist her.

Bayshore P. T. A. Gives Entertainment

A concert by the Bayshore grammar school children and an old time movie show were held at the Bayshore school auditorium, Saturday evening. Sponsoring the event were the ladies of the Bayshore P. T. A. A nominal charge was made with all proceeds going to the general fund. Home-made candy was sold by the ladies for a small sum.

The ladies had as their guests twelve boys from Moffett field. Guest artist was Miss Dorris Ambaugh, vocalist, who sang several numbers.

Mrs. W. Praul, president of the unit, announced that several of the members have signed up for emergency registration.

Mrs. H. Schepper was hostess to the study class last Tuesday at her home.

First aid and Red Cross classes will start tomorrow at League hall. The ladies announce that their standard award, certificate and membership trophy, which were awarded the unit at the Oakland P. T. A. State convention, have been placed in a cabinet at the school. The case was donated by V. Hermanson. Mrs. Hermanson is the unit's membership chairman.

Hull Mentioned

During a press conference in Washington, former Gov. Alf M. Landon of Kansas, inadvertently referred to Secretary of State Hull as "President Hull."

"Is that all significant?" inquired a reporter.

"Not especially," replied the 1936 Republican presidential candidate, but he conceded that if the Democrats picked Mr. Hull they would at least have a good candidate.

Are you coming to Crocker's bazaar this year?

To sell hand-made gifts that are hard to beat
And serve you a luncheon of good things to eat.

And ladies to greet you at the door.

There'll be table-cloths, doilies and pillow-slips,

All for sale at a nominal sum.

On Hillcrest drive, come one and all.
We'll feed you well from eleven 'til two.
We'll sell you articles, old and new,
We'll make you welcome, and you'll go home

Here's How: To Balance Meals, Budgets, For 'Health Defense'

By LOUISE PORCH
Director Home Economics
Stephens College, Columbia, Mo.

AMERICAN menumakers have a big job ahead of them during the coming months—a job so big that they may rightfully feel themselves as much a part of the nation's defense program as the men who are in uniform.

To us—every last woman of us who has anything to do with food—the government is looking to build a strong nation. Those of us who have had scientific training in vitamins and nutrition have a role to play in sharing our knowledge with as many of those who have not as possible. It is the homemakers, the great army of women who are feeding the men and the youngsters who soon will be assuming the mantle of citizenship, upon whom America is depending.

Beginning this week, I will tell you in a weekly column about vitamins, balanced meals and how to spend your food budgets to the best advantage. Between us I hope we will discover many ways to help the men behind the guns.

This time I am going to talk about Vitamin A, which is one of the most essential of the vitamins.

Carrots and all yellow vegetables are rich in a substance called carotene. Taken into our bodies this substance becomes what we know as Vitamin A. If you lack Vitamin A, you will find that you take cold easily, and that it is more difficult to get over it. People who find it difficult to see in a dim light or are easily blinded by approaching headlights when driving may have night blindness for lack of Vitamin A.

To be sure that your family has a sufficient amount of Vitamin A, make plentiful use of the following vegetables: sweet potatoes, yellow

squash, yellow turnips, carrots, tomatoes. Many of the green vegetables are also rich in Vitamin A. In this group are: green beans, spinach, chard, turnip greens, green peas and green lettuce. It is a good idea to remember that the brighter the color the higher the vitamin content.

As I said, carrots are rich in Vitamin A and they are inexpensive. Use them grated for salads, cut them in curls or thin strips, crisp them up in ice water and serve as a substitute for celery. When cooking carrots be sure that they are cooked only long enough to get done and in as small amount of water as possible.

Certain fats, too, are rich in Vitamin A. Butter and cream are on the "A" list, as are fish liver oils and "fortified" oleomargarine, good for use in baking.

Here is a recipe using the new "fortified" oleomargarine in delicious but inexpensive plain muffins which cost but about 9 cents a dozen. Made with half whole wheat and half white flour, the Vitamin A content jumps to 6 times that contained in muffins made with white flour alone.

2 cups flour (all-purpose) 1/2 teaspoon salt
3 teaspoons baking powder 1 egg
3 tablespoons sugar 1 cup milk
3 tablespoons "fortified" oleomargarine

Sift flour, baking powder, sugar and salt together. Cut in shortening. Mix in egg and milk, stirring just enough to mix ingredients thoroughly. Pour into muffin tins and bake in oven at approximately 375° F.

Announce Foods On Blue Stamp List

Sixteen food items, including pork, butter and fresh grapefruit, are on the blue stamp foods list designated for the month of December by the U. S. Secretary of Agriculture Claude R. Wickard, it was announced today by K. C. May area supervisor for the USDA Surplus Marketing administration.

Following is the complete list which stamp plan customers may purchase with blue food stamps during December: pork (all cuts, fresh, including chilled or frozen, salted, cured, smoked, but not cooked or packed in metal or glass containers); butter; corn meal; shell eggs; raisins, dried prunes; hominy grits; dry edible beans; wheat and whole wheat (graham) flour; enriched wheat flour; fresh grapefruit, fresh pears; fresh apples; fresh oranges; and all fresh vegetables, including potatoes.

House of Cotton

The Farm Security administration is conducting experiments in the use of cotton as a building fabric. A house has been erected in Coffee, Ala., with roof and walls covered with cotton duck. The material is nailed to a smooth backing of plywood, plaster or composition board. It is painted with a mixture of white lead and linseed oil. The cost of such a house, including modern plumbing and electric wiring, is only about \$1,350.

FESTIVITY SALAD is gay in color and fun to eat

Dorothy Greig

HERE is a salad that is as pretty as can be on a luncheon party table. It has a shining red layer and a lime green one. In flavor it is a delicious combination that adds up to something tartly refreshing and cooling on the tongue. Try

serving the salad after a hot creamed main course dish and before a sweet dessert. It offers perfect contrast to both. Difficult to make? Not at all—

Red Layer:

1 package lemon flavored gelatin
1 cup boiling water
1 can condensed tomato soup

Dissolve the lemon flavored gelatin in the boiling water. Then add the tomato soup and mix well. Pour into a mold and set in refrigerator until firm.

Green Layer:

1 can condensed Scotch broth
1 can water (using soup can for measure)
1 package lime flavored gelatin
1 tablespoon lime juice
1 drop peppermint flavor (optional)

Add the can full of water to the Scotch broth and heat to boiling. Dissolve the lime flavored gelatin in the hot soup, add lime juice and 1 drop of peppermint flavor, if desired. Pour on the red section of mold and set in refrigerator until firm. Serves 8-10.

High School P. T. A. Holds Regular Meeting

Jefferson Union High School P. T. A. held its regular business meeting, last Wednesday, at 2 p. m. in the little theatre.

Mrs. John Eason, membership chairman, gave a report on the progress of her co-chairmen and introduced several new members.

Mrs. George Windhurst, radio chairman, called attention to the weekly broadcast over KFRC, entitled "Family Life Series." It was pointed out that these broadcasts are of particular interest to parents.

The Cowboy band played several selections and Oscar Busch presented a musical program. Clive Saiz, member of the high school faculty, was speaker of the day. His topic was "Social Integrity through the Ballot."

Refreshments were served in the cafeteria at the close of the meeting.

The executive board meeting will be held in the cafeteria room at the high school, today at 1:30 p. m. After the usual business session, the members will enjoy a Christmas party.

There will be no regular meeting in December due to the Christmas recess period.

ENGLISH CLASS

Members of the sophomore English class entertained the student body at an assembly, Wednesday. The group put on a variety program.

Among the outstanding features were clever monologues by Viola Pisani and Betty Brewer. Popular Betty Hopper presented several Hawaiian folk dances.

The talented tapsters, Ralph Capps and Esther Hanel, danced several numbers.

SNO-HOP

The ticket sale for Jeff's December frolic ended, Monday. The sale was a huge success with more than two hundred tickets sold. The affair is scheduled for Friday, December 5.

Frank Feno, entertainment chairman, announced the name of the new committee member as popular Elsie Belli.

Decorations are in full swing and the group is working hard to make this dance a big success, according to Feno.

The setting will be different from any other winter dance given by the group. Preparations are being pushed ahead for elaborate plans for a great snow scene with cypress trees in the background.

ASSEMBLIES

The student body heard Lieutenant Commander Erwin V. Holten of the twelfth naval district at yesterday's assembly. He was accompanied by a Chief Petty Officer.

Lieutenant Commander Holten spoke to the students on the Navy. His assistant then answered any question that the students asked.

The speaker and his assistant came through the courtesy of Lieutenant Commander James E. Brenner who is in charge of public relations of the twelfth naval district.

Jack Toedt, vice president of Beckman, Hollister incorporated, was the guest speaker at last Tuesday's assembly. Toedt's topic was "The Mental Wizard David M. Roth." Toedt explained the mysteries of a good memory.

While the students called out words he concentrated on them and later gave the forty compound objects in rotation backwards, and in any way the students wished them called out. C. S. F.

Members of the C. S. F. met in their meeting room, Friday, at 3:10 p. m. Purpose of the special meeting was to discuss initiation.

In charge of the meeting was Bob Grimes, president of the society.

SENIORS

Excitement is running high among seniors, this week, because they are expecting their sweaters any day.

Senior ball committee members announce that plans are still progressing nicely and everything is getting in ship shape for the "biggest night of the year."

Sports

FOOTBALL

Football may be over for the Indians, but not for the members of third and seventh gym periods. The boys held a tussel, last week.

Outstanding for the third period were James Parker and Bob Seiler.

Bob Nava led the seventh period attack with an accurate pitching arm. Seventh period came out the victors with a 6-0 score.

TEACHERS

Miss Ella Redkey and Miss Juanita Young, girls' physical education instructors, attended a hockey tournament in Los Angeles during the Thanksgiving holidays.

Music

Indians of Rhythm

During the eighth period one can hear the members of the Indians of Rhythm practicing for all they are worth. The reason is that they are getting into shape for the Sno-Hop. The dance is scheduled for Friday, December 5 and all the music and vocal numbers will be furnished by the high school students.

Howard Miguel, instructor, also announced that the group would play for the Senior ball. Date will be announced later.

Campus Fashions

If you haven't bought your new dress for the December dance there is still time. Cute as can be is the twin sister act. How about you and your best girl friend dressing alike?

Here is one just right for the sister act—an ensemble of gray and red. A gray pinafore trimmed with a red belt, shirt and socks is a humdinger for style. To add the last word in appearance, one of those new red hand-crocheted caps with a long tassel would be just the thing.

If you're tired of sweaters and skirts here is something that will probably catch your eye, a 'casually yours' dress suited for every occasion. It is styled with short sleeves and shirt waist top with buttons all the way down the front. Six little kick pleats in front finish the dress off to a "T."

Another "just right" for all occasions is the perfect plaid. It comes in wine and teal or blue and brown. Each one of the dresses is priced within the high

Style for Youth

SHIRLEY TEMPLE is growing up, and the famous young movie star who will be heard in a new series of "Shirley Temple Time for Elgin" programs over the Columbia network beginning December 5, is shown here in one of her new winter ensembles. It is a bolero dress of beige wool with blouse of white crepe, and trimmed from neckline to hemline in self buttons. Her glorified beanie of matching beige wool is topped off with white coque feathers.

school girl's budget. Better get one.

This week's Campus Miss is a pretty little thing. She was chic as could be when she caught our eye. Her attire was an outfit of Kelly green.

Her outfit was a green plaid skirt with sweater and socks to match. Her hair was perfectly curled and there was a twinkle in her eye as she named off her pet likes. She is a sophomore and loves sports of all kinds. She is a member of G. P. A. L. Her hobby is photography and naturally her favorite subject is photography. With that description you are sure to know who she is. You can see her every seventh and eighth period taking pictures of the school, shrubbery or class mates. Yes, of course, it is little Georgetta O'Brien.

At The District Grammar Schools

At Crocker

Students of the low and high eighth grades enjoyed a three reel film of the University of California during their social studies period.

Donald Reed, student in the low eighth grade, recently transferred to the Oakland school district when his parents moved to that city.

Students of the high seventh and eighth grades learned the possible destruction of fires when they were shown a film on National Parks. They learned that 90 per cent of the forest fires are caused by carelessness.

A broadcast of art week was held by students of Room 4 during the art period. Broadcasting from station ART, six members of the class gave reports on Art Week. Dolores Winters spoke on "National Art Week in San Francisco;" Monte Robinson spoke on "Art's Place in Our Life;" Frank Torkelson talked about "Our Art Advantages;" and Betty Jean Cheli, Patsy Snee, and Edward Young reported on National Art Week. Esther Hukari was the announcer for the program.

Several students of Room 4 spent the Thanksgiving holidays visiting friends out of town. Frank Torkelson visited in Los Angeles; Jack Senteney, Santa Barbara; Beverly Rowe, Stockton; Janet Warren, Byron Hot Springs; and Elizabeth Paradiso, Walnut Creek.

"History of Time" is a new unit of study that has recently been taken up by the students in Room 2.

Fifty Turn Out For Basketball

Coach "B. I." Biggs, veteran basketball mentor and athletic director of Jefferson Union high school, faced a squad of fifty basketball candidates, last week, after a call was issued for the varsity and 130 class. Coach Biggs expects to cut the roster to thirty players—fifteen for each team.

Jefferson will play a seventeen game schedule this season, seven of which are Peninsula Athletic League games. With the opening game slated for Tuesday afternoon when the Indians will match shots with Commerce high school at the Jefferson gymnasium, Coach Biggs is busily engaged in preparing a starting lineup for the tilt.

The Jeffs have but one man back in uniform from last year's starting five in Jack Faulk, who plays a guard position. The husky guard saw considerable action last year, and is a probable starter on the team this season.

Prospects are bright, however, with a number of promising players from last year's reserve list and 130 team. Jimmy Parker, a small but fast cager, is competing for a guard position to pair up with Faulk. The other former 130 player, Bill Wright, is a strong contender for the center berth. Wright is tall and rangy, and should be a mainstay in the Indian lineup.

Heading the list of contenders for the forward positions is Bob Spark, another prospect with plenty of height. Spark was a reserve on last season's varsity five. A forward post is also sought by "Hank" Steele, Frank George, and Ralph Capps. Jack Rainey and Bob Dyer are two additional candidates for starting positions who have recently reported for practice.

After four tune-up tilts before the Christmas holidays, Jefferson will begin the campaign for PAL honors when they play San Mateo high school in the league opener at San Mateo on January 9. The Jeffs play a fifth non-league game two days before, when they meet Balboa high school.

Following the same schedule as the varsity, the 130 team is also being molded. Charles Razzari, a "team player" with a good shooting eye, is making a strong bid for a forward post, while Allan Rigler and Juan McHugh are two forwards who are likely to see lots of action. Three candidates for center are Newton Kyle, Bill Freeman, and Phil Morales.

In the guard places, Harland Ferrando, Tom Callan, and Manuel Huerta head the backcourt talent.

The following is the schedule for this season.

Two Hundred See Basketball Games

Daly City's WPA Recreation department staged two basketball games at the Jefferson gymnasium, Friday, before a crowd of two hundred fans.

The Oakland John's club decided the Daly City Boys' club by a 31 to 19 score in the feature attraction. In the first game, which was a Latter Day Saints league game, Sunset handed a 57 to 25 lacing to a Burlingame team. Sunset was paced by the scoring of K. Wirtz who tallied a total of 22 points.

The Daly City-Oakland game turned out to be an unusually clean game with only two fouls called. Johnson of Daly City and Firchow of Oakland shared high point honors with eight points apiece.

Ice Skate Contest

Semi-Finals December 9

Dozens of amateur ice skaters will pit their skill against each other in the semi-finals of a current series of pair-skating contests at Winterland, Tuesday night, December 9.

All sections of San Francisco will be represented by the contestants, who have been chosen in weekly tests over a period of weeks.

Attend Defense Course At U. S. F.

thur J. Bodien, chairman of the local committee, and Chief of Police James G. Reardon. Sergeant Ricco Benedetti and Officer George Hopman complete the local enrollment.

Designed to prepare the local units of Northern California for the possibility of an emergency during the present world crisis, the conference includes a full schedule of field work with actual demonstrations of war conditions. Instructors of this course have experienced the actual emergencies in the present world conflict by observing the city of London under the pressure of heavy air raids and bombings.

The FBI staff made a thorough survey of the problems that confronted the British law enforcement bodies, and has translated these methods with a number of FBI and army improvements into the six day field course. Evacuation and blackout methods of the most efficient calibre will be demonstrated to the group.

Enrolled in the initial course for police chiefs in October were 126 police chiefs and their executive officers from the cities of northern California. The territory extends from Fresno on the south to the Oregon border. However, the present course is limited to the defense committees of Peninsula cities, while the same kind of course is being carried out in Oakland.

The local Disaster Preparedness Committee, having merged with the civilian defense council, is expected to be informed of federal plans for the entire local

Fall Racing Season Closes This Week

Embracing some of the outstanding horses in current California training, nominations today were announced for Saturday's California Turf Foundation Handicap. Ten stars were named for the mile and an eighth stakes, which climaxes "Charity Week" and brings the Northern California fall racing season to a close.

The California Turf Foundation was organized recently to take care of relief on the race-track. It is planned to stage a charity day for this cause at all major California courses.

H. C. (Dutch) Hill's Sweepida, the first California-bred to top the \$100,000 mark in earnings since Morvich, tops the list for the California Turf Foundation Handicap. He finished third in the recent Marchbank Handicap and this brought his total earnings to \$100,400.

The five-day "Charity Week" started off Tuesday with the profits going to the Christmas Funds of the San Francisco newspapers. Participating in today's charity racing will be the National Association for Advancement of Blind Artists, American Tours for the Talented Blind, Guide Dogs, Inc. and Contra Costa Vacation Camps. The British War Relief Association of Northern California and the Sisters of Charity, San Francisco Clinic, will share tomorrow's profits. The American Red Cross, San Mateo chapter, and the Community Chest of San Francisco, will receive Friday's profits, and the Charity Week ends Saturday with the California Turf Foundation Day.

Museum for Youth

Since the modern youth section of the Illinois State museum was opened in Springfield recently, the usual "Hey, Mom, what's that mean?" approach of juvenile museum visitors is going out of use. Simple, uncrowded displays in specially made cases, together with simply worded labels, go a long way in this direction.

Sewing Classes Prepare for Yuletide

Christmas is in the air at the sewing classes of the Daly City WPA Recreation department. The classes of both the adult and children's departments are busy making many Christmas gifts for friends and relatives.

Silk pillows, sachets and clothes hangers are being made by the children, who range in age from 5 years up. Under the direction of Mrs. Lela Campbell, the class has a large Christmas box with a slot at the top. After the Christmas list is made up, the class deposits the gifts as they are finished. The box is opened a few days before Christmas.

The adult class of sewing and other crafts are in the midst of many Christmas activities. The group this week began work on table decorations for the holiday season. Christmas poinsettias are also being made in papercraft.

Mrs. Alice Hillerich, instructor in ceramics, is very busily engaged in firing the kiln for the multitude of gifts which the ceramics class is making.

Use Sink Stoppers
In dry Oklahoma sink stoppers can be part of a police officer's equipment. When Lieut. V. O. Webb and two other officers raided a home a woman emptied a dishpan of liquid into the sink. Webb quickly stoppered the sink, drained and siphoned out a quart of what he says was whisky. He was carrying the stopper in his pocket.

Christmas Seal Sale

There were 57 deaths from tuberculosis in San Mateo county last year, representing an estimated cost of \$228,000. Dr. Harry C. Warren, chairman of the Medical Committee of the County Tuberculosis and Health Association revealed today in an appeal for support of the current Christmas Seal Sale drive.

According to recent surveys, the cost per individual case of tuberculosis is \$4,000 for diagnosis, treatment and wages lost, Dr. Warren pointed out.

"Tax money must provide hospitals for many of these cases; it must provide public health facilities for suppressing the contagion," the physician said.

"These are convincing arguments for the purchase of Christmas Seals," he declared. "The money so derived is used by the local association to find cases early while treatment can be effective and before the victim has endangered the lives of others."
